

Crosby Straightpoint Environmental Policy Statement

Crosby Straightpoint, part of Kito Crosby, is committed to being an environmentally conscious and responsible company and it is our policy to strive to ensure that all aspects of the business have the least harmful effect on the environment. So far as is reasonably practicable, we will,

- Ensure we are aware of all environmental legislation, and comply with all regulatory requirements pertinent to our activities;
- Manage the company’s operations in a way that minimises hazards to the environment, employees and the wider community;
- Promote energy conservation by efficient use and careful planning with due regard to improved energy utilisation and appropriate investment in energy efficient measures;
- Minimise waste and ensure that there is effective control, which promotes recycling where possible and provides responsible disposal, particularly with regard to hazardous wastes;
- Promote an understanding of environmental issues amongst employees, customers, suppliers, sub-contractors, local communities, and other stakeholders.

The competence and awareness of all staff is regularly reviewed to ensure the effectiveness of their contribution to achieving environmental objectives and targets.

As part of our internal and external communication procedures and staff training programmes, it is ensured that this environmental policy, and associated objectives, is communicated, understood, implemented and maintained at all levels within the organisation, and made available to relevant interested parties.

This policy is regularly reviewed by top management to ensure its continuing suitability, adequacy, effectiveness and alignment with our strategic direction.
